

I.D.S Ingeniería Industrial S.A. de C.V.

General Presentation

Cd. Juárez Chih, Mex
El Paso TX, USA

COMPANY ORIGIN

IDS started operations in 1995 focusing on meet the needs of the manufacturing industry.

Our products and services have the specifications of quality required by the customer. Processes go from design, manufacturing and installation, passing through an internal quality control.

MISSION

Satisfy the need of our clients, having absolute respect for our coworkers and teamwork, in order to consolidate ourselves as an efficient and profitable company.

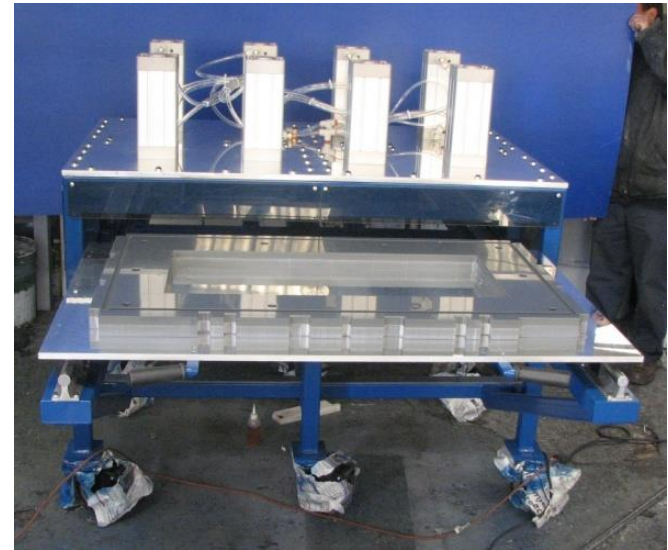

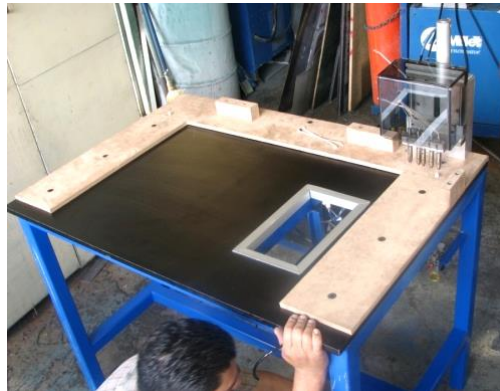

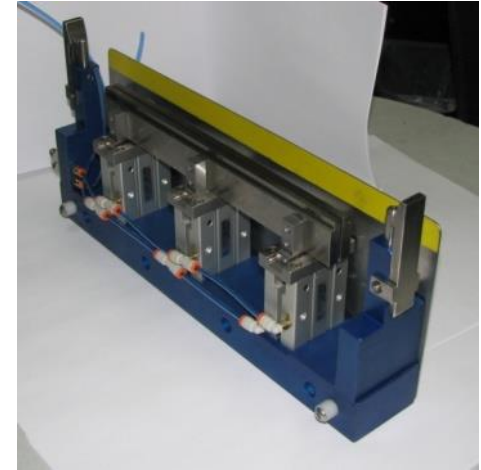

QUALITY POLICY

IDS is committed to improving our processes, to ensure that customers receive products and services on time and free of defects. To achieve this, we strive for continuous improvement of quality, innovation and teamwork.

PROCESS CAPABILITIES

- CAD Design (Autocad, Inventor, Solidwoks)
- Industrial machining & CNC
- Metallic structures
- Welding: Spot, Tig , Autogenous
- Product installation
- Repair of plastic injectors (molding machines)
- Sale of all types of inputs for the manufacturing industry

Minor mold repairs

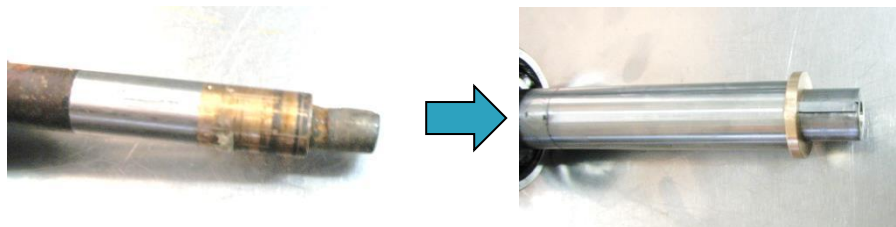

- CICINNATI MILACRON
- Model.- VT-165-9
- Control.- CAMAC VEL
- Year.- 1992
- Tons.- 165
- Barrel size.- 9oz
- Tie bar clearance Horizontal.- 17 ½"
- Tie bar clearance Vertical.- 16 ½"
- Max daylight.- 30 2/3"
- Ejector stroke.- 3"
- Screw size.- 45mm
- Mold Capacity.-16" x 16" x 16"

CONTACTS AND WEB PAGE

Rubén Padilla	Management
Arturo Mimbela	Project engineer / administration
Sergio Padilla	Design and manufacture of tooling for medical industry
Rigoberto Vega	Plastic injection machines (molding parts).
Cesar Padilla	Plastic injection (manufacture and repair of screw tips, check valves, “screws”, mills, hoppers).
Felipe Mendoza	Design and manufacture of mechanical parts.
Aurora Gutiérrez	Sales / all kinds of inputs for the manufacturing industry.
